

### *Implementing Growth Strategies with the Help of Core Systems*

FIS™ is the world's largest global provider dedicated to financial technology solutions. FIS empowers the financial world with software, services, consulting and outsourcing solutions focused on retail and institutional banking, payments, asset and wealth management, risk and compliance, trade enablement, transaction processing and record-keeping. FIS serves more than 20,000 clients in over 130 countries, and our technology powers billions of transactions annually that move over \$9 trillion around the globe.

Our focus on our clients' success differentiates our position in the market. We champion our clients every step of the way to help them reach their goals by providing unmatched technology services covering end-to-end capabilities.

Our core solutions are state of the art and allow our clients to efficiently run their credit unions, connect with their members and deploy growth strategies to increase market share.

\* **RUN** more efficiently by leveraging the latest analytics, automation, outsourcing and new utility models. FIS is focused on building integrated workflows that automatically upgrade with each release, delivering a seamless client experience.

\* **CONNECT** with members through digital solutions and technology to increase time to market, member relationships and loyalty. FIS provides data analytic solutions that allow clients to take advantage of market trends and consumer behavior.

\* **GROW** by deploying capacity savings from running more efficiency into the key strategies across digital, organic and product expansion.

FIS has an unmatched depth of knowledge as a single solution provider. We never lose sight that FIS succeeds only when our clients succeed. This drives our commitment to thought leadership, operational excellence and innovation that champions our clients' business and keeps them competitive in today's dynamic and challenging industry environment. We help our clients transform disruption into opportunity, giving them the tools needed to thrive not just today, but in tomorrow's financial world.
